Dear Sir:

Applicant acknowledges receipt of the Supplemental Notice of Allowability issued May 9, 2011 in the above referenced application.

In response thereto, Applicant herewith submits a substitute Declaration of the inventor pursuant to Examiner's Remarks.

Applicant does not believe a fee is owed, but if so, the Commissioner is authorized to charge said fee to Deposit Account 50-2346.

Statement of the Substance of Interview

A telephonic interview was conducted between Examiner Cooley and Applicant's Representative, Sarah Hill, on May 6, 2011. The interview was not related to the substance of the claims, rather it was regarding a deficiency in the Declaration of the inventor. The Interview Summary included with the Supplemental Notice of Allowability accurately describes the substance of the conversation.

If the Examiner feels that a telephone conference with Applicant's attorney would advance the prosecution of the application, he is invited to call the undersigned at 502.562.7319.

Respectfully submitted,
